HANG IRA SCUM!

THE IRA have been killing innocent people for years. But what has the Government done to combat the IRA's programme of Red Terror? They've done NOTHING!

They have sat idly by whilst our racial brothers and sisters in Ulster have faced bombings, shootings, death and destruction. They have also sat idly by whilst the Mainland has been bombed.

ULSTER'S SACRIFICE

The National Front remembers Ulster's great sacrifice during the two World Wars. Unlike Thatcher – who has betrayed Ulster by signing the Anglo-Irish agreement – the National Front will always support Ulster.

Everybody wants peace in Ulster. But peace will only come once the IRA is smashed. That's why the National Front says HANG IRA SCUM!

NATIONAL FREEDOM - SOCIAL JUSTICE

And once we have smashed the IRA, we can build an Ulster on the firm foundations of National Freedom and Social Justice. An Ulster safe in the British Family of Nations – Within a Europe of the Peoples!

A New Year - A New Office

WE ASK all our readers to note that the National Front now has a new Administration address. All administrative correspondence – subscriptions to *NF News* and other NF publications, membership applications and renewals, payment of bills for bulk supplies of NF literature, donations, Militant's levy payments, etc. – should be sent direct to:

THE SECRETARY, P.O. BOX 41, NORWICH, NORFOLK, NR3 2AH.

The permanent well-stocked *Nationalist Bookshop* will continue to operate from 50 Pawsons Road, Croydon, Surrey CRO 2QF. (Tel: 01-684-0271).

This has been done to divide the growing workload of running the NF between as many talented people as possible. It will also increase efficiency and strengthen our ability to withstand the State's growing use of the Race Act to harass and imprison the NF's national leadership. As Stage 2 of this diversification, the NF will shortly announce the opening of a separate political office to organise Party activities and deal with public inquiries and the press.

REMEMBER: Administration (Subscriptions; memberships; donations; bills, etc) – Address: The Secretary, P.O. Box 41, Norwich, Norfolk, NR3 2AH.

Nationalist Books (NF merchandise, books, records, T–shirts, etc). Address: 50 Pawsons Road, Croydon, Surrey CRO 2QF.

EDITOR: WILLIAM LINTON

NF News seeks to persuade its readers to feel angry about the evils of multiracialism and to direct their anger solely at the corrupt politicians who created a multi-racial problem in Britain, and not coloured immigrants in general. "Racialism" is NOT unlawful – only "racial hatred".

EDITORIAL

WE SHALL NOT BE SILENCED

JAILED FOR TELLING THE TRUTH! That's the fate of NF Education & Training Department Chairman, Joe Pearce. That was also the fate – late last year – of Martin Wingfield, former editor of *National Front News*.

But why – on 12th December, 1985 – was Joe Pearce jailed for a year? What was his 'crime'? It was simply to speak up for Britain and the British people.

For Joe saw a Britain with millions of unwanted Blacks. A Britain where the dole queue is a permanent feature of life. A Britain whose National Sovereignty has been sold out to the Common Market. A Britain that is continually bombed by the Marxist IRA. A Britain that is being taken over by Yank troops.

All Joe did was to speak up against the System that created this mess. Yet now he is in jail. **Joe Pearce is a prisoner of the Race Board.**

At the same trial, NF Chairman Ian Anderson was found 'Not Guilty'. This follows the 4 Newcastle Patriots and Sid Campbell from Kent who were also found 'Not Guilty'.

But at the moment, our thoughts are with Joe, his wife Gina, and children Lorna and Joe.

Joe Pearce has been jailed for telling the truth. But we shall not be silenced!

SUPPORT JOE! Write to: L25819 Pearce, HMP. Wormwood Scrubbs, Du Cane Road, London, W.12.

About This Issue...

MEMBERS AND SUPPORTERS of the National Front will be aware that we launch a special propaganda campaign every quarter. That's why this issue *National Front News* has its front and centre pages devoted to the NF's current anti-IRA campaign.

However, the jailing of Joe Pearce is of such importance to the National Front, that we believed this news also deserved a front page.

That's why we've brought out this special issue of *National Front News* that effectively has two 'front' pages!

It also means that whatever way round you sell this issue, both 'front' pages are current, hard-hitting, and eye-catching.

The sales of *National Front News* are going up all the time. For Joe's sake, let's make this issue a record seller!

heritage find

THE FEELING of a 'link' between our forefathers and our generation was further strengthened by the discovery of an Elizabethan mural, found in a St Albans public house.

The painting was uncovered during renovations, when builders removed wooden panelling and plaster, and exposed the picture.

Experts believe that the 20ft by 10ft work shows the Death of Adonis, the theme of Shakespeare's poem, Venus and Adonis. The picture is believed to have been painted in 1600.

Commenting on the find, medievil archaeologist and art expert, Dr Clive Rouse, noted:

" I could see immediately that here was a most important work. There is no Elizabethan wall painting of better artistic quality outside the great houses like Hampton Court Palace or Burleigh House in Lincolnshire."

Through this exciting new discovery, we can gain a further insight into the lives of our Racial forefathers.

THE HOUSING CRISIS CONTINUES.....

JOHN FIELD

LATE last year, the issue of high-rise housing was in the news again. This time it concerned the attempt to demolish the 21-story Northaird Point, on the Trowbridge Estate, in Hackney, East London.

NF News readers will recall that when attempts were made to blow up Northaird Point, only the top nine storeys were destroyed. The rest had to be knocked down by a ball and chain.

The press treated the whole issue as a great joke. But the fact remains that tower blocks represent a housing form alien to many Britons. And a look at the saga of Northaird Point will show the true extent of Britain's present-day housing crisis.

TOWER BLOCKS

The Trowbridge Estate was built – like many large housing estates all over the country – 20 years ago. The estate consists of a bleak group of identical towers. Some 'low-level' housing also exists on the estate.

Even as the estate was being constructed, one resident, retired builder, Alf Toye, tried to halt work. He claimed that the tower blocks had serious structural defects. Hackney's Labour council didn't bother to listen to him.

Since then the following defects have come to notice:

* Concrete cladding panels have come loose,
* Windows have leaked,
* Condensation has saturated the interior walls, and
* Fungus has grown in bathrooms.

Indeed, things are so bad that residents hate the estate and would do anything to be re-housed.

DISGRACE

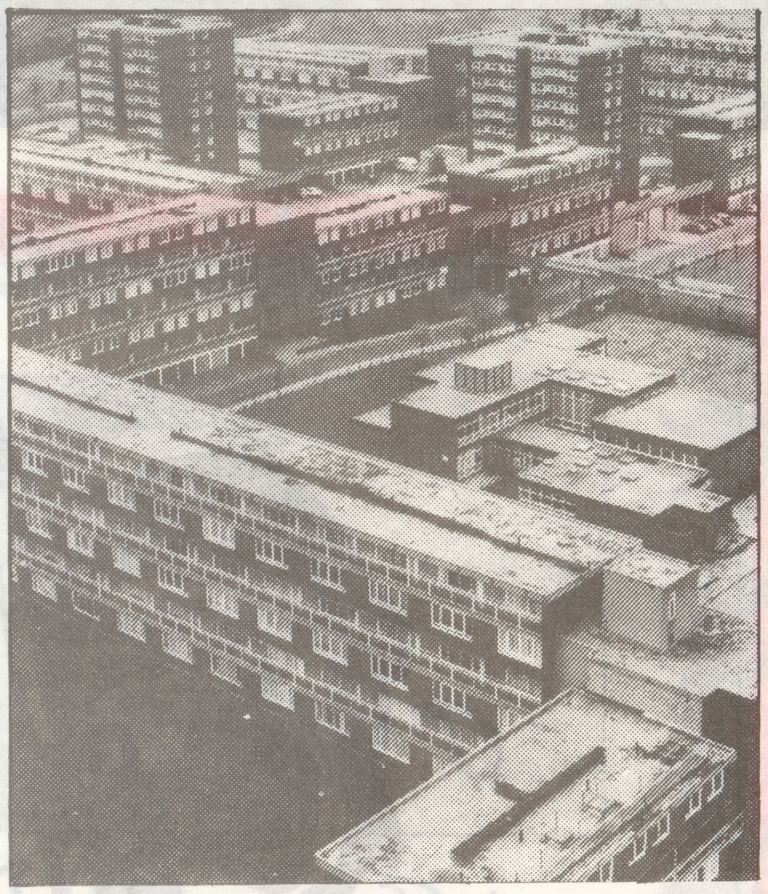
The estate itself is a disgrace. It represents the crudest interpretation of the simplest living requirements. Its dingy concrete entrances and grim staircases are depressing.

Many have commented that the Trowbridge Estate looks what it is – a collection of substandard buildings hastily built with an untried, prefabricated structural system. The tower blocks were built to escape the housing crisis of the 1960's. They now represent the housing crisis of the 1980's.

Unfortunately, the Trowbridge Estate is not the exception to the rule. Bad housing exists throughout the UK. It's worth remembering that back in the 60's, the planners, 'experts' and politicians said that high-rise housing was the way to the future. But we know better.

Mass high-rise housing was a short-sighted policy to palm off the White Working Class. The 'stack-a-prole' experiment has failed. But – as always – it's the ordinary folk who have to pay the price.

Homes Not Slums



A MODERN HOUSING ESTATE. Built to escape the housing crisis of the '60's, they now represent the housing crisis of the '80's. The National Front demands Homes – Not Slums!

Defend Those Who Defend You!

AS a National Revolutionary Movement, the National Front demands the upmost from its members and supporters. We believe that every Nationalist has a part to play in the fight for Britain.

Some Nationalists are great public speakers. Others can write very moving articles. Others still, are skilled at paste-up and layout techniques, We also have our fair range of artists and cartoonists.

However, what distinguishes the National Front from other organisations, is the courage and committment of our street activists. These are the thousands of brave patriots who face our Red and Capitalist enemies on the streets.

NATIONALISTS

These militant Nationalists have to pay the price for their love of Britain. Many have been arrested, fined and imprisoned. **Two patriots - Albert Mariner and Peter 'Geordie' Mattewson - have paid with their lives.**

The Nationalist Welfare Association exists to support and defend those brave Nationalists who suffer at the hands of the state. In the cases of our dead comrades, Albert and 'Geordie', the NWA will ensure that their sacrifice is never forgotten.

But to effectively help our street militants, the Nationalist Welfare Association needs money - and lot's of it! For all those who are able to donate - no matter how much or how little - please fill out the handy coupon printed below.

NF PRISONERS

Others can help the NWA by informing it of the names and prison addresses of Nationalists who are behind bars. The NWA will then ensure that these people are not forgotten by organising people to write to them.

Dear NWA,

Please find enclosed a donation of £ . p to help the work of the Nationalist Welfare Association. (Please make out all Cheques/ PO's to "Nationalist Welfare Association" and send to: John Field (Treasurer), PO Box 41, Norwich, Norfolk, NR3 2AH.

We Remember Them

2,000 NATIONALISTS ON THE MARCH! The NF holds its Annual Remembrance Day Parade to honour the memory of British, White Commonwealth and European war dead. A tiny counter-demo of 100 Red freaks, Lesbians and Jews failed to stop the march.

REMEMBER OUR WAR DEAD! The Ulster and South African flags are dipped at the Cenotaph. In remembering the past, the NF looks to the future and says: No More Brothers' Wars!

IN MEMORY OF THEIR SACRIFICE. Tom Mundy with the NF's wreath. At the Cenotaph a Christian non-denominational service was conducted. A two minute's silence was also observed.

★

THEY shall not grow old as we that are left grow old,
Age shall not weary them nor the years comdemn,
At the going down of the sun,
And in the Morning,
We shall remember them.

WE FIGHT ON! That was NF Deputy-Chairman Nick Griffin's message at the rally after the march. Describing how Whites were duped into fighting other Whites, Nick noted that the real victors of the two World Wars have been the Capitalists, Communists, and Zionists. Despite the might of our enemies, the NF was determined to Fight Back For Britain. This determination was reflected in the size of the collection — over £1,300.

ANGRY MOTHERS ACT!

HOUSEWIVES in East Suffolk have supported the call - made in issue 69 of *National Front News* - that child murderers should be hanged!

For, incensed at the recent increase in murders of toddlers, two Lowestoft housewives tried to force a national referendum on the subject by collecting signatures on a petition.

Within one week they had held a meeting and collected 3,000 signatures. After local media coverage they were flooded with messages of support from worried parents who wished to help the campaign. Groups have now been set up all over East Anglia to collect more signatures. The Organisers are now thinking of making it a nationwide protest - and are aiming to collect around 10 million signatures.

INDIFFERENT TORY

However, local Tory MP, James Prior - well known in Ulster as a man who is indifferent to the wishes and suffering of the people - was true to form when he heard about the campaign. He said:

" I don't believe its a suitable subject for a referendum - I have always maintained the view that this is something for MP's to decide, taking into account their constituants interests."

He also added that the existing system *"does answer the point the ladies are worried about"*.

NATIONAL FRONT

James Prior's constituants are telling him what they want, and the *"point the ladies are worried about"* is the System itself. **Locals are therefore looking around for a party that will bring back the rope - and that only leaves them the National Front.**

Prior is safe from crime in his fortified mansion. However, the people of East Suffolk are begining to wake up, and reject Prior's Tory policies.

Let's hope that this means that his 'safe ' seat will never be so safe again!

Taxing The System

LAST YEAR was a good year for the pillars of the Capitalist system. It has been revealed that company directors and executives received pay rises of over twice the amount of that awarded to British workers in general. On top of this, perks, in the shape of company cars, bonuses paid, medical insurance, free phones and even houses have also soared despite so-called government attempts to stop them.

Meanwhile lower down in the pecking order, the Inland Revenue made strident attempts to deduct money from "Christmas boxes" given to workers such as, porters, milkmen, binmen and postmen. Postmen in some areas were assumed by the Revenue to be recieving £150 in tips and on that basis the Revenue were asking for £50 back in tax. Office staff at local dairies who never go out - were also assumed to have recieved £120 in tips and assessed as such in respect to tax to be paid to the Revenue!

An unrepentant Revenue spokesman said *"The government. wants to get away from the non-taxation of perks and benefits in kind"*. But obviosly pursuance of tax-dodgers doesn't extend to the hirelings of the system.

ACID RAIN IS TO BLAME.....

A REPORT released late last year, has confirmed the National Front's view that acid rain has taken a heavy toll on Britain's tree life.

For the initial findings of a survey (carried out by the environmentalist group, Friends of the Earth) has showed that **more than two-thirds of Beech & Yew trees examined, showed signs of damage caused by acid rain.**

However, the damage is not just confined to any particular area of Britain. Indeed, it is not just confined to Britain. The whole of Europe is affected.

"Damage is found across the country on a wide variety of soil types and topographies. This, too, is consistant with the continental situation.."

So now we know, Britain and Europe's tree life has been virtually destroyed, **AND ACID RAIN IS TO BLAME!**

Victory To Ulster

THE NATIONAL FRONT is the only movement organised throughout the whole United Kingdom which supports Ulster's right to self-determination.

At present the NF is not in power, and is thus not in a position to order the Security Forces in to smash the IRA. However, we can – and do – physically oppose any IRA march in Britain.

We also support the Loyalist para-military organisations who engage in direct action against the IRA.

More importantly, however, we can help step up the propaganda war against Britain's enemies.

To this end the National Front has produced a special leaflet and poster dealing with Ulster. The basic text of the leaflet has been reproduced on the front page of this issue of *National Front News*. The poster is shown here.

Both the leaflet and poster are printed in dynamic red, white and black. Both are sure to be very popular items.

Branches, Groups and individuals should rush in their orders today by filling out the handy coupon printed below.

ULSTER WILL FIGHT! That was the clear message as 203,000 Loyalists protested against the Anglo-Irish agreement. The huge crowd – pictured above – held a rally in Belfast late last year. At the rally, various Loyalist leaders said that Ulster would fight to preserve its heritage, identity and culture.

ULSTER: NO SELL OUT

JIM MORRISON

THE ANGLO–IRISH agreement is a savage kick in the teeth for Ulster. It gives the Irish Republic's government a substantial role in the administration of Ulster, and is specifically engineered to ensure the break-up of our Nation and the absorption of Ulster into an alien Irish state, the 'morality' of this act is that it will satisfy 'world opinion' and Irish-American opinion in particular.

VIEWS IGNORED

In all of this, the views of Ulsterfolk were ignored. They were not party to the secret negotiations. They will be excluded fromthe inter-governmental conferences it provides for, and their modest application for a referendum on the issue (justified on the analogy of the Scottish and Welsh Devolution Bills) has been dismissed. **The hostility of Ulster has been presented as negative bigotry while the integrity of the Dublin government has never been questioned.**

The deal has been sold as an important step forward, by portraying the Republic's acceptance that the status of Ulster cannot be altered without the consent of the majority as a sharp deviation from that government's aspirations to Irish 'unity'. The South's affirmation of the status of Ulster is merely a distraction, as this declaration was included in the ill-fated 1973 Sunningdale Accord and in the final comminique of the Thatcher/Haughey summit of 1980.

Thatcher – Traitor

It does not negate the imperialistic Articles 2 and 3 of Eire's Constitution which lays claim to Ulster, and which Peter Barry and Dick Spring of the Irish government have stressed remains intact.

LOYALIST FRONT

The united front Loyalists have formed to counter the sell-out is commendable. But to succeed it must be free from the squabbling that has dogged similar pacts in the past. The immediate task facing Ulster is to defeat the Hillsborough Agreement. The long-term challenge will be for Loyalist's to clearly define their allegiances. We need to protect our British identity – and not act in blind subservience to a treacherous Parliament. The solution to Ulster's inertia lies in recognising and exorcising the enemies from within and in playing a part in a proud and independent Britain.

Murdering Bastards!

STEVE BRADY

MURDERING BASTARDS! That's the only description that fits the IRA and their Red offshoot, the INLA. Murdering bastards who have shot, blown-up, maimed and crippled thousands of British people.

Murdering bastards who have planted bombs designed to kill ordinary families. A typical example was the bombing of a Birmingham pub in November, 1974. The pub had no Ulster, Irish or Army links. It was just an ordinary pub, full of ordinary British folk enjoying a quiet pint. Seconds later, it was a scene from Hell. Young girls were reduced to what at eye-witness called *"twitching, mewling lumps of flesh"*.

HUMAN TORCHES

Murdering bastards who set off a firebomb inthe La Mon restaurant in 1978. Families enjoying a meal out died in agony, their bodies turned into writhing, blazing human torches. Murdering bastards who planted a bomb in the the Tower of London in 1973. **Children had their arms and legs blown off.** An 8-year-old New Zealand boy died. Incredibly the 'British' Government has now set free the bombers – Dolours and Marion Price – *"on compassionate grounds"*.

Murdering bastards who are the real 'sectarian killers'. They murder innocent people because they are of the wrong religion. Typical was the Bessbrook Massacre in January, 1976. 12 men going to work were ordered out of their mini-bus by the IRA. *"Who's the Catholic"* asked the Provos. He was told to start running. The others were lined up and shot. One survived. Ulster Catholics who join the Ulster Defence Regiment have been murdered by the IRA, so they can claim that the UDR is a 'sectarian force' made up entirely of Protestants!

The IRA claims to be 'soldiers of the Irish Republic'. **In fact they are gutless scum whose idea of bravery is to plant bombs and run away.**

IRA BOMB

But while the IRA bomb and kill British people the 'British' Government, Tory or Labour, does not fight back.

The NF says the only answer is to Hang IRA Scum! The IRA should be rounded up and shot like the murdering vermit they are. SMASH THE IRA!

Smash The IRA

ON 2ND FEBRUARY 1986, the murdering bastards of the IRA will be marching in London. Join the National Front's demonstration against them! Details of time/location of counter-demo to be announced. Phone 01 - 684 - 0271 for details. Ulster is Forever British - Smash the IRA!

ULSTER- THE FACTS

AREN'T THEY ALL PADDIES ANYWAY?

No. There are two distinct nations inhabiting the island of Ireland. The only time that Ireland has any political unity was under British rule. The majority of people in the north of Ireland cherished the closest political, cultural and religious links with the rest of Britain, particularly Scotland. In the south of Ireland the majority of people saw themselves as Irishmen, culturally, nationally and religiously distinct from Britain. In 1921 they were given their independence and they left the United Kingdom. Ulster's people chose to remain within the United Kingdom and to keep their cherished British citizenship. This still remains their position today.

WHY ARE THEY KILLING EACH OTHER IN ULSTER?

It isn't true that Ulster people are killing each other. This distortion of the truth is promoted by the British establishment who proclaim to the world that they are only trying to keep the peace between "warring religious factions". In fact, the Provisional Republican Movement, a gaelic imperialist terrorist organisation, is waging a murderous war of attrition against the Ulster State, the loyalist population and all things British. The Provos seek to forcibly incorporate Ulster into an All-Ireland "Socialist Workers' Republic".

Most of the killings over the last 16 years have been committed by the IRA or one of its offshoots. Their targets have not only been soldiers and police constables, but farmers, shoppers, Protestants and Catholics, men, women and babies.

Occasionally IRA terrorists also die, mostly at the hands of the security forces although some are executed by loyalist paramilitary groups. In the early Seventies there was a misguided small-scale loyalist counter-terror campaign. This was launched against the Catholic host population in areas where the Provos are very much active. This counter-productive and morally indefencable activity has now ceased.

THE VICTIMS WE KNOW SO WELL

A VICTIM OF THE IRA. All that's left of an IRA victim.

LAST NIGHT ANOTHER SOLDIER. A British soldier killed by the IRA.

IRA OFF OUR STREETS! National Front members demonstrating against an IRA march in Manchester.

LOYALISTS JOIN OUR FIGHT!

THE NATIONAL FRONT is Britain's only truly Nationalist movement. We are organised in England, Scotland, Wales and Ulster.

We have a complete world-view, which contrasts vividly with the isolationist policies of the old-gang parties in Ulster. Indeed, we regard most Unionist politicians as tools of the Establishment. We see them as reactionaries who will sell out Ulster – so long as they can maintain their personal wealth and power.

Detailed below are our main ideals. To the people of Ulster we offer our vision of National Freedom and Social Justice. Join us in the National Front in our fight for a free and prosperous Ulster in a proud and independent Britain!

THE NATIONAL FRONT is the movement of British Racial Nationalism. It is committed to the preservation of the national and ethnic character of the British peoples and recognises that the Nation must be of exclusively European and predominantly British racial descent.

THE NATIONAL FRONT is a Distributist movement, in that it believes in the concept of widely distributed ownership of property. As such, we are opposed to Capitalism and Communism because they both lead to ownership and control by the few.

Our aim is to give as many British people as possible a direct stake in their place of work. Consequently, we are opposed to the Stock Exchange, which we would abolish, and multinational companies which we would dismantle.

We are in favour of small businesses, partnerships and Workers Co-Operatives. We believe this will help restore craftsmanship, pride in one's work, and the re-birth of healthy cultural values.

THE NATIONAL FRONT believes in the right of the British people to national self-determination. Consequently, we believe Britain must seek to have a totally independent capability to defend itself against any aggressor nation, and thus we are opposed to any foreign bases on British soil. We would withdraw from any internationalist bodies which claim or seek to have powers over the British Nation.

THE NATIONAL FRONT believes that it is morally and economically wrong – and politically dangerous – for credit to be created by private institutions as interest-bearing debts. Consequently, we believe in the nationalisation of the banks and that the right to create credit should be solely vested in the government, and be spent – and not lent – into circulation.

The National Front advocates the cancellation of those parts of the National Debt and foreign debts incurred through the fraudulent creation of credit by international finance.

THE NATIONAL FRONT believes that modern man has been uprooted from the soil and placed in an artificial concrete world where he has become a materialist wage slave.

A major return to the land is essential for the cultural, spiritual and economic health of the nation. For the same reason, we would foster respect for nature and end the destruction of our environment by the 'pullute for profit' greed of industrial society. It is up to us to build a Britain where the people are united by the bonds of blood and soil.

THE NATIONAL FRONT believes in the preservation of our cultural heritage and the encouragement of our own folk cultures. We view the importation of alien cultures, languages and 'Americanisms' as a threat to our national identity.

JOIN UP - JOIN IN

1986 National Front membership subscriptions are now due. Last year's renewal rate was the highest for many years, but all the signs are that 1986 will be even better.

This year, the National Front administration has introduced new designs for the membership cards, in keeping with the requirements of the NF's new constitution. Subscription rates remain unchanged from last year, but VOTING MEMBERS' (i.e. all members before No. 39636 at present) CARDS must now carry a passport size photograph of the person in question.

This is a major step forward for The NF's internal security and all VOTING MEMBERS are asked to co-operate by sending TWO passport-size photographs of themselves, with their name and NF number pencilled lightly on the back, with their subscription renewal. This does NOT apply to non-voting members (those who have joined since last June's E.G.M. and whose number is higher than 39636).

In all cases, the fee remains £8.00, with a reduced rate of £5 for pensioners, young people in full-time education and unemployed members who enclose a photocopy of their UB40.

Give the NF a really good start to 1986. Join up TODAY, and get involved with the people who count – the active members of the National Front.

YES TO RACIAL PRIDE

BACK IN 1962, James Meredith sparked off riots as a young Black trying to integrate the University of Mississippi. In 1966 he was shot whilst protesting against segregation.

But he has come a long way since then.

"Integration is the biggest con job ever pulled on any group of people, any nationality in the world," **he recently told students at Ohio Wesleyan University.**

"It was a plot by White liberals to gain Black political power for themselves and their wild ideas, and for a few Black bourgeoise. I've never heard any other Black person say integration did one good thing for them".

Meredith then went on to note that American Blacks were now worse off than at any other time in history – including slavery. Integration, he declared, has ruined Black education and antagonized Whites.

Speaking about the future, he stated that American Whites under 30 are the most race-conscious. This, he said, *"is a plus, because that person is focusing on his interests; and any time people focus on their interest, then they are more likely to come to a workable solution."*

Save Our Jobs!

FREE TRADE is one of the sacred cows of the present corrupt industrial system. It has made billions upon billions for the super-rich multi-nationals and it has made their present domination of the world's economy possible. It is therefore understandable that those who rule the present system have a vested interest in promoting free trade to the detriment of protectionism.

Yet free trade has brought nothing but misery for the vast majority of British workers. It means that British manufacturing industry has to compete with cheap foreign imports produced by cheap foreign labour in the Third World. Understandably, many British industries have been unable to cope with this unfair competition and they have gone bankrupt throwing thousands of British workers onto the economic scrap-heap.

PROTECT JOBS

It should be one of the first duties of any government to protect the jobs of the people who elected it. It is therefore a damning indictment of all British governments in recent years – Tory and Labour alike – that they put the interests of the multi-nationals before those of the British people.

The only way to protect British industry from the encroachments of multi-national corporations based in the Third World is to ban all foreign imports which could be produced in British factories by British workers. British governments should represent the interests of British workers not foreign multi-nationals. **They should put British jobs before foreign imports.**

COMMUNITY ACTION

COMMUNITY ACTION is a new addition to *National Front News.* **Hopefully - and with your support - it will become a regular and major feature of the paper.**

Community Action seeks to help the National Front sink local community roots. Indeed, we see this as a very small step on the road to establishing a whole series of Nationalist Advice Centres throughout the UK.

We want to expose local council corruption and incompetence, fight closures of local hospitals, factories and schools, and campaign for decent housing and social services for our people. We also hope to carry advice on what you are entitled to in the way of supplementary benefit, health benefits, housing benfits, etc.

If any NF member or supporter thinks that **Community Action** should focus on their area, then simply send us your community news plus any local press-cuttings. Members of the public who want us to take up campaigns on their behalf, should use the special coupon, printed below. (Please include a stamped, self-adressed envelope, for administrative purposes.)

KNOW YOUR RIGHTS!

WINTER presents two major problems for most people: cold and draughty homes and expensive fuel bills.

But you don't have to be cold and poor this winter. There are a number of practical measures you can take to save heat **and** save on fuel bills.

On average 65% of the energy we use in our homes is for room heating. The heat escapes from a typical uninsulated home through the walls (35%), roof (25%), floor (15%), draughts (15%) and windows (10%).

To combat this you can do the following:

* **Have your loft insulated.** Most councils give you a grant to do this. Pensioners on housing benefit or supplementary benefit can get a 90% grant towards loft insulation. So it could cost as little as £5 (on current prices) to eradicate 25% of your heat loss.

Everyone on HB or SB should receive a 66% grant. Thus it would cost you around £18 for lost insulation.

* **Install draught-proofing.** You can knock £'s off your heating bill by having your windows and doors draught-proofed. If you are on SB you can get the DHSS to pay for all your draught-proofing and simple double-glazing.

* **Get a hot water cylinder jacket.** Hot water cylinder jackets help cut down fuel bills. Pensioners are entitled to a 90% grant for one. And if you are on SB you are entitled to a grant for one if you qualify for a furniture grant (see *NF News* No. 70).

* **Claim for a heating allowance.** People on SB can claim for a weekly heating allowance on the grounds of ill-health (bronchitis, rheumatism, arthritis or anaemia), or disablement, or if your home is difficult to heat, particular where the rooms are draughty, damp or very large.

You will also get a heating allowance if somebody in your household is under 5 or over 65.

To apply for this benefit contact your local DHSS office.

COUNCIL INCOMPETENCE

RESIDENTS of a Leeds street were amazed when Yorkshire Water workmen dug a hole up in the road. For they arrived at Selby Road, Garforth, only two days after West Yorkshire County Council workmen had carefully smoothed- off the surface of the road -after two weeks' work on it!

Mr Philip Hill, of Selby Road, said that County Council workers took a fortnight to resurface the road.

Two days later YMA work men came along and dug the road up again.

Mr Hill commented that it was strange that the two Yorkshire authorities couldn't co-ordinate their work.

However, a spokesman for West Yorkshire County Council inadvertantly disclosed local incompetence when he stated: *"The YWA thought all the work would be in the footpath and not in the carriageway, but apparently they discovered that a pipe they wanted to work on was in the carriageway."*

Next time West Yorkshire authorities wish to dig up roads in Leeds, we suggest they get their facts right. With this sort of local incompetence, is it no wonder our rates are so high?

SAVE OUR HOSPITAL!

LOCAL HERTFORDSHIRE CAMPAIGNERS have taken the first steps in their battle to save Waltham Abbey's Honey Lane Hospital. And at least 10,000 people are expected to sign a petition which opposes the closure.

Petition organiser - Mrs Marjorie Brown - has attacked the plans to close the hospital as *"utterly ridiculous."*

However, she feels that united community action can save it. *"I do feel that if we can only get everybody behind us we stand a good chance of saving the hospital."*

All National Front members and supporters in Hertfordshire should help Mrs Brown's campaign to save Honey Lane Hospital. Petition forms can be obtained from her at 57 Romelands, Waltham Abbey, Hertfordshire (Tel: Lea Valley 710694).
